**Grain Elevators, Sexsmith, Alberta**

Looking south from the Hilltop we can see the comforting solidness of elevators. Symbols of prosperity, they dot the broad expanse of prairie from Sexsmith to Winnipeg. *Alberta Government Photograph.*

# **ADMINISTRATION**

Most of our faculty are Canadians, whose hearts thrill with love of homeland as they sing, "O Canada! We stand on guard for thee!" But each one, both the son of the land and the stranger within our gates, pays tribute to Canada in the quotation which appears with his picture and each one points steadily towards that other Homeland in which we shall all one day claim an inheritance.

*The long, unguarded frontier, the habits and intercourse of daily life make Canada a brother-together of the English-speaking peoples. Here on this campus, whether we study, work, or play, we look to the frontiers of Christendom, to which the simple story of the Christ we serve must yet be carried. "How beautiful," we think, "how beautiful upon the mountains are the feet of him that bringeth good tidings."

***Morning...***

The clangor of the big bell atop the administration building in the early morning reaches the farthest house on College Avenue and homes in the Valley and on the other side of Lake Barnett. It begins each school day and sounds the call to worship for the chapel services of the week end. For what it symbolizes on the Hilltop, we introduce Campus Life with the ringing of the big bell.

**STUDENT FRIENDS**

On these pages are the young men and young women who will carry on the Canadian tradition. Here are the young men who will plow rich prairie soil and raise wheat that the world may be fed; the young women who will transform plain walls into homes. Here are the future workers of the Seventh-day Adventist church, those who in a chapel program, a vesper service, or a class have heard a Voice saying, "Follow me, and I will make you fishers of men." Here are the students of Canadian Union College.

The colporteur aspiration, "To place a book in every home for the furtherance of the Gospel, of God's Kingdom" has challenged the best that is in young men and women and they have arisen in the fear of God to do and dare for Him, in this noble work.

It has been a pleasure to serve you and we appreciate the fine work done by student colporteurs. Our greatest desire is to help you earn a scholarship. You can count on us.

It is a striking fact that many of the outstanding athletes train on chocolate because it is a food and an energy producer.

Chocolate is a creator of vigor and nerve force and supplies the body with that extra energy—that added punch—that is necessary to win.

Jersey Milk Chocolate is the finest of all milk chocolate. Experts say the habit of eating a bar of Jersey Milk Chocolate every day is a healthful one to form.
